

# E-CONNECT WITH **FSR**

Introducing the next generation of ceiling boxes

## THE CB-22+ SERIES

**Our  
entire line of  
ceiling boxes has been  
upgraded with  
exciting new features!**

The ceiling boxes now have integrated threaded rod mounts, a lockable cover latch, a larger removable dual tilt mounting shelf, a low voltage access plate with brushes, and pole mount load rating that's been increased to 100 pounds.

# ALL NEW FEATURES!

Lockable winged cover latch discourages equipment tampering.

Cover closure and access door hinge updated to allow easier installation and removal of the door with safety cable quick disconnect.

Larger removable dual-tilting equipment shelf with repositionable 2-RU rack rails for ease of access and visibility.

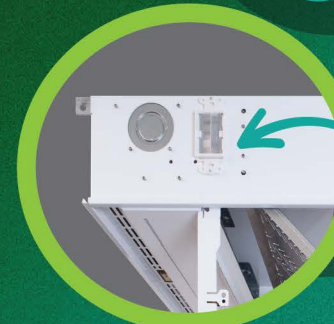

Integrated threaded rod mounts now included with the standard box. Threaded mounting kit is no longer needed.

Decorative pole rail cover inserts support multiple projector pole locations. Optional solid door available eliminates cutting ceiling tiles.

Temperature controlled, variable speed cooling fan on CB-22S and CB-22SP+ (optional on other models).

Low voltage access plate with brushes.
