TB-2G

Shown with FSR FLEX-LT Self
Contained Control System Wallplate

Shown with FSR HD-HPCWP-TX
100m HDBaseT Transmitter Wall Plate

DESCRIPTION

The TB-2G Table Box offers convenience at a price that fits within your budget. This tilt top style box can be easily populated for many applications. The unit has one 2-gang opening and will easily fit FSR's 2-gang active and passive devices (as pictured above) and most 2-gang wall plate style devices. (FSR 2-gang accessories are shown on the back.)

In the open position, the devices are angled to accommodate a seated person at the table, with the box being 22" from the table edge. There is up to 2.5" of clearance behind the 2-gang plate surface. This unit has a black anodized finish.

APPLICATIONS

- Court Rooms
- Desks
- Boardroom Tables
- Lecterns
- Control Consoles
- Lab Tables
- Classrooms
- Collaboration Tables

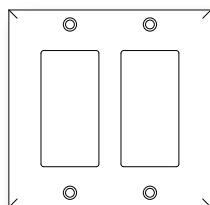

FEATURES

- Can be mounted in a wide variety of tables with thicknesses ranging from .75" to 2.25"
