

# TABLE CONNECTIVITY

Bringing Elegant Cable Access To Your Infrastructure

*FSR table box products meet the Build America Buy America Act (BABAA) and TAA requirements*

FSR Works For You

# HARMONY COLLECTION

The Harmony Collection of table boxes provide a powerful and affordable solution for any installation. The versatile connector cavities are 100% configurable and allow for both high and low voltage. The mounting cover is a 6" diameter round hole. The Harmony Collection is available in black, white, or a silver matte finish.

# SYMPHONY COLLECTION

The Symphony Collection brings elegant form to technology. This collection of table boxes features AC outlets, USB charging ports and low voltage openings. A streamline design allows for large cable AV connections while maintaining high aesthetics. The Symphony Collection is available in Clamp-On, Under-Table, In-Table options and multiple color combinations.

## Symphony Linx Interconnect System

Symphony Linx simplifies your power and data needs on and under a single work surface area. The system provides ease of accessibility combined with an attractive design, to power devices used where we work and learn. Hardwired at the factory, the Main table box powers up to two Satellite units from the Main unit AC power cord. Designed with reconfiguration in mind, Symphony Linx helps make any workspace a technology-rich environment for your team.

## Symphony POPs

Add color to your workspace with FSR's new line of Symphony POPs Table Boxes. The Symphony POPs breathe life into spaces combining form with function. This elegant designed housing is now available in Red, Yellow, Blue, Green or Black.

# T3 SERIES

NEW 2 button, 2 LED models available.

## T3-IPS

The box interior is ready to accept the appropriate combination of FSR's IPS connector plates with two IPS spaces provided. Brackets with cable pull openings are provided for; a single cable (HDMI or Display Port), 1 HD-15 cable with 1/8" audio cable or two HDMI or Display Port cables to be stored safely under the cover and easily deployed when needed.

## T3-MJ+

The T3-MJ+ is the first elegant mount for a gooseneck microphone! This stylish, mini table box is available in three finishes (brass, silver or black) in a round style face. Perfect for conference and judicial benches, courtrooms, and more.

FSR table box products meet the Build America Buy America Act (BABAA) and TAA requirements

### CT6 FLEX

Encased in our elegant CT6 tableboxes, is the Flex control system. A powerful and yet affordable solution. Perfect for nearly any installation, it features a 3.5" color LCD touchscreen and has IPS Snap-In connection points.

This symbol indicates the device is **RETRACTOR Ready** and accepts the number of retractors shown in the circle.

## SYMPHONYCONNECT

### T3-DV2S US Patent # D553,306 S

The T3-DV2S is HD ready with a bulkhead mounted HDMI connector and two keystone openings for FSR's snap-in USB charger (other connectors optional). An AC outlet with cord is included to power a laptop or mobile device. Optional one or two push button LED is available to operate and provide status from control systems. Easily wired output using captive screw terminals. Round cover in aluminum, black or brass finishes.

# UNITY COLLECTION

Revolutionizing the integration of AV, IT, and Power — all in the same box.

The Unity Collection of table boxes provide the ultimate connectivity and functionality. Designed with hideaway doors for ease of access to our full line of insert brackets and cable retractors makes connectivity effortless.

Choose between square, rectangular, or dual rectangular boxes. Available in black, silver, or white powder coated finish.

A full line of insert brackets and cable retractors are available. The internal brackets are designed to hold AC, USB Chargers, Cable Pulls, Cable Retractors, snap-in Keystone Connectors, and FSR's full line of IPS (Intelligent Plate Solutions).

All models are shipped with universal bracket(s). Each bracket allows mounting of four IPS, six cables or can be used to block a section of the table box.

## CT6 / RT6 BRACKETS

The various internal brackets available are designed to contain AC, USB Chargers, Cable Pulls, Cable Retractors, Snap-In Keystone Connectors, or IPS Solutions. Our Table Box insert brackets and Cable Retractors are available for our new CT6 Table Box Series.

## CABLE RETRACTORS

Tangle-Free Cable Management is here at last!

Low Profile Retractor

FSR's cable retractors offer convenience as well as cable storage and protection, hiding unsightly cables when not in use. The cables can be quickly deployed by the user and extend up to four feet. A simple pull and release of the extended cable is all that is needed to return the cable to the reel. No button release is required. The retractors can also be mounted in a horizontal position under a table surface to maximize space and provide clearance for seating.

Cable Retractors work flawlessly with our Unity Collection of Table Boxes.

# T3U SERIES

The T3U series are small, elegant additions to your conference tables, lecterns, and work spaces. Plug in your laptop, power up your projector, plug in your microphone, or access a cable for your computer, the T3U handles it gracefully and efficiently. The units offer a variety of connections using interchangeable mounting plates and connectors. Available in a black, brass and nickel finishes.

# CABLE MANAGEMENT SOLUTIONS

Easy under table connectivity without cutting a hole in your table!

## Under-Table Channel

The Under-Table Channel provides a solution for dressing cables horizontally along the table underside. Its unique shape and rubber like edge allows cables to enter and exit the channel at any point along its length.

## Under-Table Rack Shelving

Under-table Rack Shelving mounts multiple pieces of AV, Digital, or Data equipment to the underside of tables with easy access.

## Block & Slide

A simple, economical and elegant way to route cabling from the underside of the work surface to the floor. Both models feature easy installation and add an aesthetically appealing appearance under any workspace.

Block cable pathway with mount-bracket. (Left Aluminum, Right Black). \*Sold as complete assembled part.

# HUDDLEVU KITS

FSR's line of collaborative solutions are designed to address the way we work and approach business in the 21st century.

FSR's new HuddleVU Collaboration Kits take the work out of designing elaborate systems. With four different pre-packaged systems, integrators can choose the appropriate configuration for their customer's needs with kits accommodating from two to four users. Each kit comes complete with all the necessary hardware, including an FSR Harmony table box available in a choice of aluminum or black finishes, a switcher and all required cables finished with color coded end rings to designate proper cable to switching connections. HuddleVU Kits can also be upgraded with optional retractors.
