Bringing Elegant Cable Access To Your Infrastructure.

Protect and Secure your Infrastructure Connections

Indoor and outdoor wall boxes protect your wall plates, panels and connections securely and elegantly.

The PWB-FR-450 is the industry’s only fire-rated box of this size. Every wall mounted display needs a PWB!

SMART-WAY RACEWAY

The Intelligent Choice

The Smart-Way Raceway System is the intelligent choice for wire management.

It installs on top of or in any flooring and provides a quick, easy, affordable and attractive installation.

The Smart-Way Raceway gets cables where they’re needed. The raceway is perfect for collaborative environments, classrooms or boardrooms.

The raceway compartments provide ample spaces for power, communications and AV connectivity.

The Smart-Way is a “plug & play” High, ADA compliant, available in durable colors to match the office. It is sold in 6’ sections.

HuddleVU KITS

From a single computer to a full classroom or multimedia boardroom, HuddleVU Kits will distribute and process with cost effective quality.

Fall brings the best of both sides of electrical subdivision. New with the prepackaged program is the opportunity to finish custom work on the form. A variety of options for the system makes it easy to create a solution that will exceed even the most demanding needs. Each kit can be equipped with a variety of structure with E26/50, E27, T8/S, LED or other modules.

Bringing Elegant 
Cable Access To 
Your Infrastructure.

A unique variety of boxes to handle stage, raised access, poured concrete or retro-fit flooring applications. FSR matches the décor of your installation with solid construction, beautiful carpet rims, flanges, and available accessories. Our Fire-Resistant floor solutions expand the versatility of our floor box line by providing enhanced, fire-resistant versions of our existing products. Our FRK kits are UL listed and comply with UL 263 Fire Resistance Ratings.

Protect and Secure your Infrastructure Connections

Indoor and outdoor wall boxes protect your wall plates, panels and connections elegantly and securely. The PWB-FR-450 is the industry’s only fire-rated box of this size. Every wall mounted display needs a PWB!

Now you can seamlessly organize your Fire Ratings to provide exceptional value and performance on your existing structures. Bring the best of both worlds to your next project with our fire-rated boxes for ceilings and walls. These are your equipment racks for ceilings and walls.

From a single computer, to a full classroom or multi-media boardroom, HuddleVU Kits will distribute and process with cost-effective quality. FSR takes the work out of designing collaboration systems. Now with the prepackaged systems integrators can choose the appropriate kit to fit their customers needs. The kits range from two to four users and include a CT6 table box, a switcher and all the necessary cables. Each kit can be upgraded with optional cable retractors or with FSR’s HuddleVU Air wireless presentation switcher.

A wide variety of table boxes that are unique and upscale, meeting the aesthetic demands of today’s consultants, architects and clients. Brass, black, aluminum and nickel finishes, a variety of sizes, shapes, and accessories are available from stock.

Now you can remove the unsightly equipment boxes hanging off projector poles and mount them in this architecturally-designed ceiling enclosure. Many styles, various price ranges, and “Smart and Green” modules make these boxes perfect for classrooms, boardrooms, meeting rooms and public spaces. These are your equipment racks for ceilings and walls.

The Smart-Way Raceway is an intelligent solution for wire management.

It installs on top of any flooring and provides a quick, easy, affordable installation.

The Smart-Way Raceway gets cables where they’re needed. The raceway is perfect for collaborative environments - conference rooms, classrooms, and more.

The raceway compartments provide ample spaces for power, communications and AV connectivity.

The Smart-Way is a strip 3/8” high, ADA compliant, available in black, gray and aluminum finishes and is sold in 6’ sections.

CONCERTO
The aesthetic, clean, elegant cable management in true designs that are sustainable for today’s cable and power as they transition from HDBaseT to newer technologies.

CONCERTO
Designer-Scale Rack
Containers for elegantly multiple pieces of AV, Digital, Data equipment to the underside of tables, work surfaces, walls and installation.

BOX OF GALThe Black and Blue panel is a simple, noonsense elegant scalable cable management system. The panel holds 6-8 cables and will accommodate the back anchor of the desk surface. You can add additional support as they transition from paper based system and the above elegant solutions.

CHARGING STATIONS

For assistance in selecting the proper box to hold your power, data voice, video, etc., all FSR Table, Floor, Wall and Ceiling Box CAD drawings are available on our website.

Under-Table Rack
Charging stations for a variety of your needs, from the traditional wall box to under any workspace.

The Block & Slide provide a simple, economical and elegant way to route cabling from the underside of the work surface to the floor. Both models feature easy installation and add an aesthetically appealing appearance.
