

POWER SUPPLY PREPARATION FOR USE WITH PRODUCTS WITH SCREW TERMINALS

Cut the connector off of the supplied wallwart

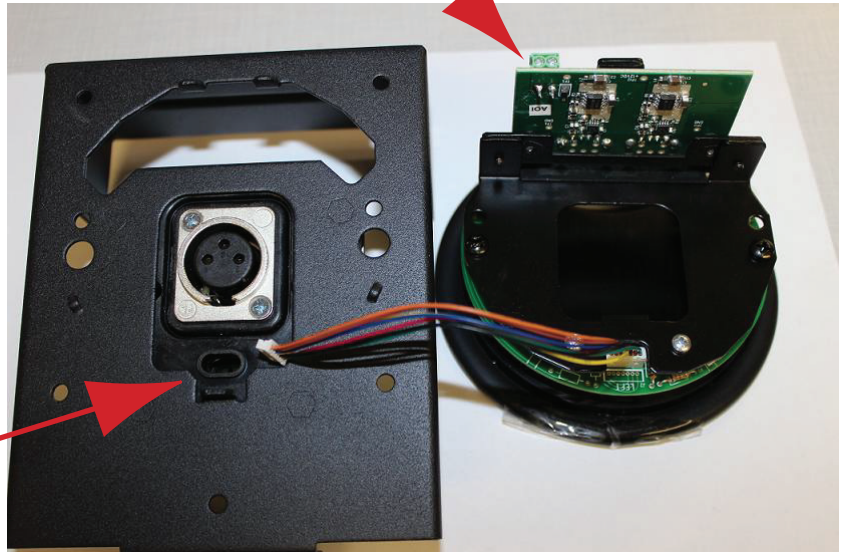

← GND = RIBBED Black Wire

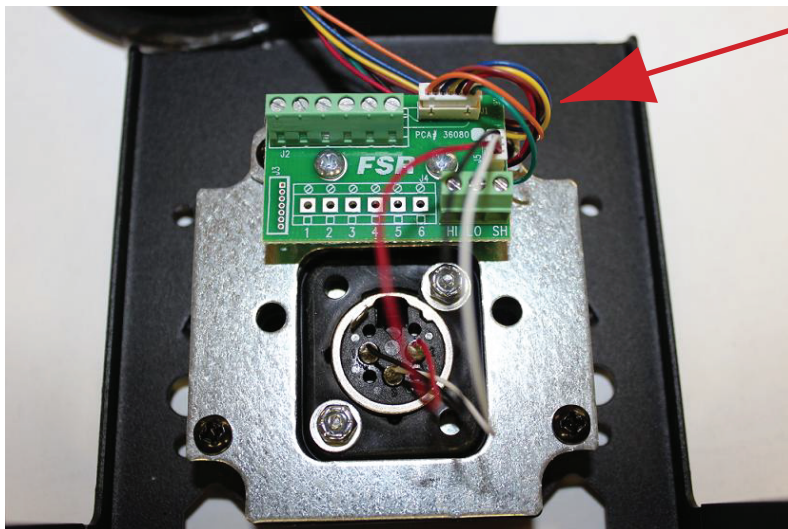

← V+ = Solid Black Wire

Strip wire ends to expose about 1/4" of wire and insert wires into screw terminal and tighten screws. Be sure to observe polarity.

Connect Power Supply to this screw terminal

After installing the under table lamp bracket, pass the power wire harness shown in picture through this hole.

Pull the wire harness and plug as shown.
