PWB-320 SERIES

LOCKING HINGED COVERS

A functional cover design with security benefits

The PWB-320-CHD and PWB-320XL-CHD are durable, white textured paint covers designed for the popular PWB-320 and 320XL boxes. Both covers feature venting with rounded cable exits and a locking hinged door to safeguard your cables and equipment. Above and below the hinged door, airflow can enter and exit the box, keeping equipment cool. Installation is simple, with each cover mounting securely to the box edge using six provided pan head screws.
