

E-CONNECT WITH **FSR**

Designed For Every Trade

The MWB-28 multi-trade wall box is designed to securely house devices like PoE network switches, digital media players, or emergency call systems while allowing easy access for service and maintenance. Standing 28 inches tall, it simplifies AV and IT installations with ample space for cable routing, AC power, and digital equipment, and fits cleanly between 16" on-center wood or metal studs. The flush white cover includes ventilation openings, a secure key lock, and can be oriented in either direction for a clean, professional finish.
