Where Aesthetics Meet Utility

FURNITURE FEED FLOOR BOXES FL-300-FF & FL-300-FF

The FL-300-FF introduces a seamless way to route power and connectivity directly into furniture, blending performance and aesthetics in modern interiors. Built on the trusted FL-200 platform, this compact, two-chamber floor box is available with two back box options to support pour-in-place concrete, raised access, or wood floor installations. Its low-profile cover, available in aluminum or black, offers interchangeable plate options for flexible cable exit configurations. An optional shim kit ensures a flush finish over Terrazzo or stained concrete. With multiple trim ring styles, all-steel construction, and UL scrub water ratings, the FL-300-FF delivers a clean, customizable, American-made solution.
