

# CONNECT WITH FSR

## Innovative Floor Box Solutions for Floating Wood and Sports Flooring Systems

## MFMA: THE SPORTS FLOORING AUTHORITY FL-500P & FL-600P SERIES

FSR's unique FL-500P and 600P floor box design allows installation in resilient floating wood, sports, or gym floors that maintain the flooring surface's need for movement in both the horizontal and vertical directions. With our cover style and finish options, you can achieve a perfectly smooth floor surface. Our method allows you to custom-fit your flooring material into the cover, maintaining the look and any required graphics. Review our typical installation details or speak with one of our engineers to get specific guidance on your chosen flooring system. We are here to help.
