SS-USB-CHRG-PS6
Distribution for FSR’s DC Powered USB Chargers

DESCRIPTION

The SS-USB-CHRG-PS6 is a remote power solution for the FSR IT-USB-CHRG, SS-USB-CHRG and IPS-D717S DC Powered USB Chargers; It consists of a rack mounted board to remotely power up to six (6) DC Powered USB Chargers and a 15 VDC@ 6 A power supply with AC power cord. The unit provides an inexpensive means of neatly distributing USB power from an included single power supply, eliminating the need for multiple AC wall adapters and messy overloaded power strips.
