

DESCRIPTION

Unifying the integration of AV, IT, and Power — all in the same box

The Unity Collection of Table Boxes are available in various shapes to match your needs and designs.

Select square or rectangular boxes, dual rectangular boxes for those larger tables, or a clamp on table unit. A full line of insert brackets and cable retractors are available. The internal brackets are designed to hold AC, USB Chargers, Cable Pulls, Cable Retractors, snap-in Keystone Connectors, and FSR's full line of IPS (Intelligent Plate Solutions).

The Unity Collection covers are available in various finishes to suit your decor. (See ordering information to determine available color by model number.)

The S3/S4/R2 models ship with one T6-LB-UN universal bracket. The RD4 model ships with two T6-LB-UN universal brackets. Each bracket allows mounting of four IPS, six cables (in a "pull" configuration) or can be used to simply block a section of the table box.

RETRACTOR READY

FSR's TBRT Cable Retractors balance form and function, making tangle-free cable management an easy task. This cable management system offers convenience as well as cable storage and protection, hiding unsightly cables when not in use. The cables can be quickly deployed by the user and extend to any length, up to four feet. A simple pull and release of the extended cable is all that is needed to return the cable to the protective reel. No button release is required.

The TBRT assemblies can be ordered in HDMI (4 color coded cables available for integration with HuddleVU systems), HD-15 (VGA) with fixed 1/8" stereo audio jack, CAT-6, 1/8" Stereo Audio, Display Port ++, Mini Display Port and USB. All cables are of the highest quality and, are tested for longevity. Retractor life is greater than 8,000 cycles.

APPLICATIONS

- Desks
- Lecterns
- Lab Tables
- Huddle Areas
- Boardroom Tables
- Control Consoles
- Classrooms
- Multipurpose Rooms

FEATURES

- Choice of shapes and form factors
- Large capacity
- Low profile
- Uses the full FSR T6 large connector, plate and charger solutions
- Hideaway Doors
- Provided with one or more T6-LB-UN Brackets dependent on RT6 model
