WB Series Wall Plate Covers and Boxes

Recessed and Surface Mount

FSR wall box products meet the Build America Buy America Act (BABAA) and TAA requirements

FSR Metal Products Group

WB-R2G
Recessed Mounting Plate (2, 3 & 4 Gang)

The Wall Box series offers 18 different models to fit your needs. Everything from recessed to surface mounts are available for new or existing construction. We have addressed the rising issue of network security with models featuring a locking metal door, available with or without a clear acrylic window in models with two or more gangs. The window can be used as a view port, allowing the operator to effortlessly monitor the status of the control panel mounted in the box without opening it.

The WB Series is an effective way to secure and protect wall plates and data plates with multiple network connections. They may also be used to mount other touch plates.

WB-PR2G **WB-MR2G**
Recessed Covered Wall Boxes (2, 3 & 4 Gang)

WB-PS2G **WB-MS2G**
