Metal Products Group

T3U RIM Series

T3U-3R-BLK

(Shown with
accessory plates
and connectors.)

NEMA
5-20 Plug

The T3U RIM Series (Table Top Tilt Up) table boxes are designed expressly for applications requiring multiple access boxes within the same table, the FSR T3U RIM Series handles data, power, and AV connections in a low profile box.

You can match almost any decor with the T3U RIM Series cover finish selection. The T3U RIM Series easily installs in any table surface with thickness ranging from a minimum .75" to a maximum of 2.75". In the open position, the T3U RIM Series cover protrudes a mere 1.19" from the table top. Under the table, the T3U RIM Series extends only 4.25" from the table top surface.

The FSR T3U RIM Series offer a variety of connection schemes through the use of interchangeable snap in connectors and mounting plates. This allows the plates to be populated by the installer and can be changed as the need arises. FSR offers a complete line of connectors and plates to satisfy most installation requirements. (See options on the following pages).

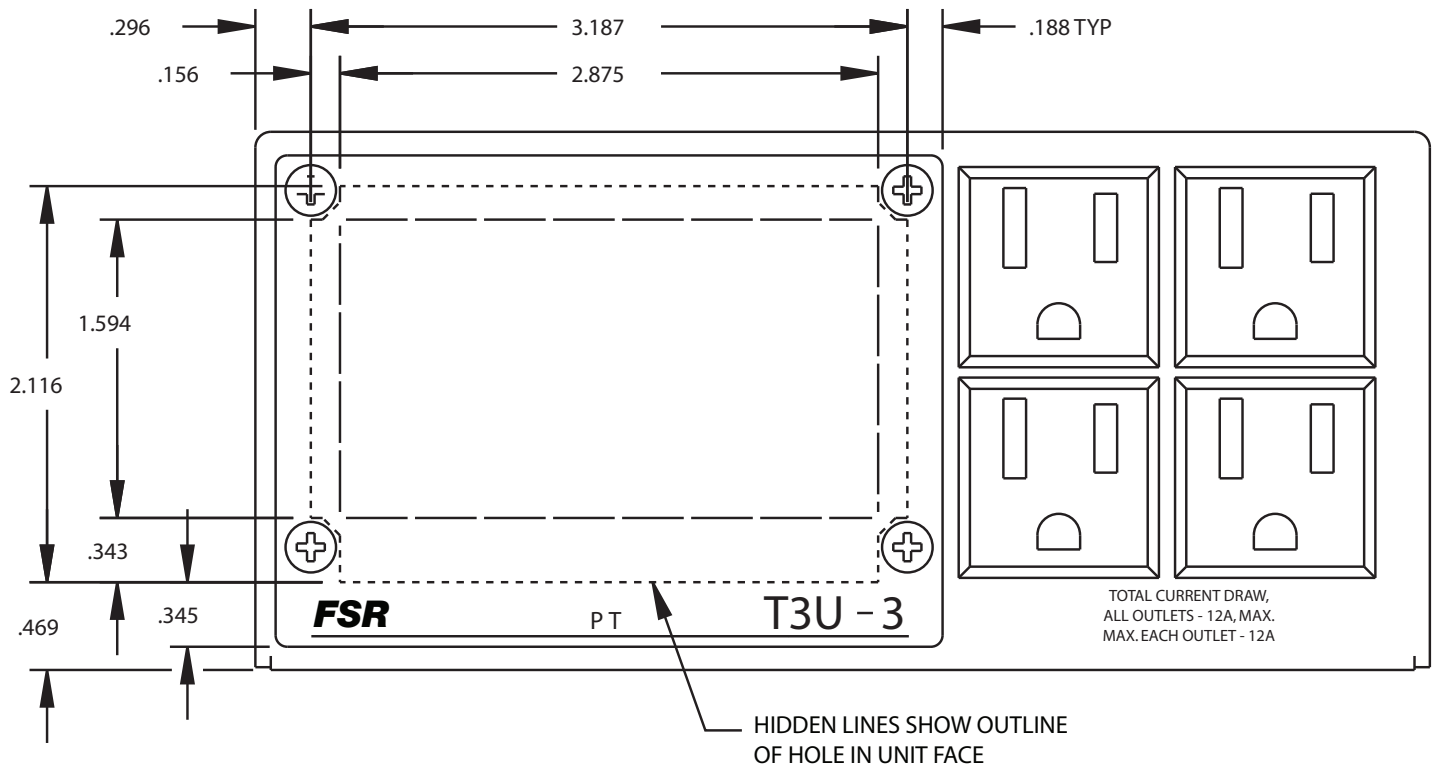

NOTE: The T3U-3 model has a 9' NEMA 5-20 SJ cordset.
