

# T3U Rim Series Table Top Tilt Up Boxes

# FSR

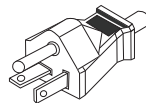

## Metal Products Group

T3U RIM Series

### T3U-3R-BLK

(Shown with  
accessory plates  
and connectors.)

NEMA  
5-20 Plug

The T3U RIM Series (Table Top Tilt Up) table boxes are designed expressly for applications requiring multiple access boxes within the same table, the FSR T3U RIM Series handles data, power, and AV connections in a low profile box.

You can match almost any decor with the T3U RIM Series cover finish selection. The T3U RIM Series easily installs in any table surface with thickness ranging from a minimum .75" to a maximum of 2.75". In the open position, the T3U RIM Series cover protrudes a mere 1.19" from the table top. Under the table, the T3U RIM Series extends only 4.25" from the table top surface.

The FSR T3U RIM Series offer a variety of connection schemes through the use of interchangeable snap in connectors and mounting plates. This allows the plates to be populated by the installer and can be changed as the need arises. FSR offers a complete line of connectors and plates to satisfy most installation requirements. (See options on the following pages).

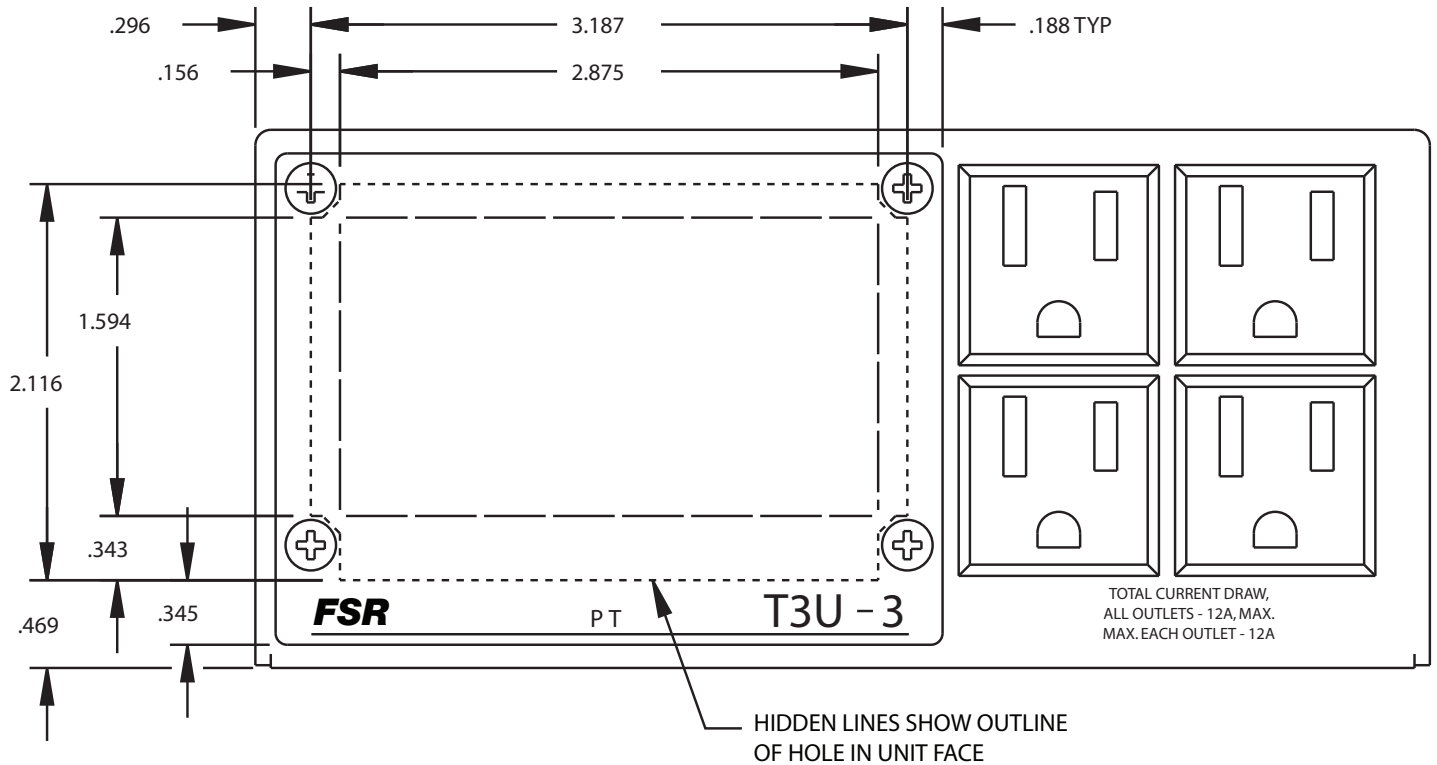

NOTE: The T3U-3 model has a 9' NEMA 5-20 SJ cordset.

## TYPICAL INSTALLATION FOR ALL T3U TABLE BOXES

Tie wrap bracket(s) can be removed to provide additional connector clearance.

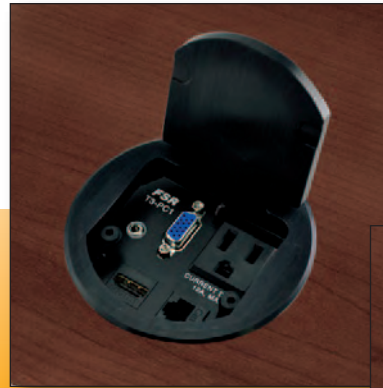

NOTE: The T3U-3 model has a 9' NEMA 5-20 SJ cordset.

## SIMILAR FSR PRODUCT OFFERINGS

The T3-AC2 and T3-PC1D are perfect table boxes for single users, where convenient access to network drops, ac power sources and video/audio displays are required. The small footprint provides an unobtrusive complement to any decor.
