

U-Access Covers

FSR floor box products meet the Build America Buy America Act (BABAA) and TAA requirements

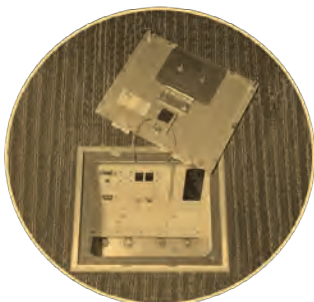

Metal Products Group

DESCRIPTION

The evolution of our floor box covers over the years has focused on innovative designs, durability, and aesthetics within your floor. Our "Tool-less" U-Access floor box cover features a hinged design for the FL-400, FL-500P, and FL-600P, allowing for smooth entry into our floor boxes. The hinge provides an effortless opening, making replacing equipment a breeze—no more tooling around with hard-to-open floor box covers. The cable access door can also be easily opened by lifting the integrated U-Access handle to access the internal connectors and cables. You won't need tools to open or close the box. We provide 13 different hinged cover options, which include the popular brass and silver carpet or wood edging, to match the designer's requirements. Scrub water approved for carpet, tile, and wood floors.

WHAT'S NEW

OLD

NEW
