

E-CONNECT WITH FSR

Introducing the new **WB-TSC-SM-7 WALL BOX**

Your Ultimate Wall Plate Security Solution

The WB-TSC-SM-7 mounts a 7" touch panel along with the cover on a 2 gang back box. Protect and limit unwanted access to control panels in your classrooms, auditoriums, or faculty meeting spaces. This wall box enables you to safeguard and monitor your control panels status through its glass window without opening the locked cover.
