

RSP Series Wall Plates

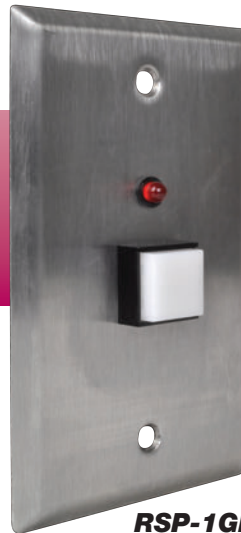

FSR

Power Products Group

RSP SERIES

RSP-1GK

RSP-1GPB

DESCRIPTION

The RSP-1GK and RSP-1GPB are general purpose 1-gang stainless steel wall plates with pre-mounted switches and LED indicators that are useful for a variety of control applications. Both models have 12VDC powered red LED indicators. The RSP-1GK has a SPDT spring loaded key switch and the RSP-1GPB has a DPST momentary pushbutton.

RSP's are directly compatible and provide easy hookup to FSR's SPC Series Sequencing Power Conditioners to enable remote control power up and shut down control via the SPC's rear terminals. The LED can be wired to provide remote monitoring of the SPC's operating state.

FEATURES

- Brushed SS cover plate
- Standard 1-gang mounting with mounting screws included
- Long life switch and LED
- Stylish appearance
- Suitable for a variety of control applications
- Secure switching with key switch model

SPECIFICATIONS

RSP-1GK Key Switch

Contact Rating	4A@125 VAC 3A@12VDC
Contact resistance	Below 10 m Ω typ. initial @ 2-4 VDC, 100 mA, for both silver and gold plated contacts.
Electrical life	10,000 make-and-break cycles at full load
Terminals	Solder eyelet

RSP-1GPB Push button Switch

Contact Rating	5A@125 VAC 4A@12 VDC
Contact resistance	Starting value (initial) \leq 50 m Ω
Mechanical lifetime	2 million cycles of operation
Terminals	Solder eyelet
